National Cancer Control Programme (NCCP) 00481 · clinician draft

Degarelix: hormone injections every 28 days

> **Supportive prescription draft for review.** This is a regimen template. It is not an issued patient prescription; individual review and completion are required.

Separate scripts for each phase

Choose the active phase in the clinician workflow. Each script has its own medicines, timing and review checks.

- **Two starting injections; then every 28 days** — Minimal
  Degarelix
