NCCP 00545 · VERSION 3

Zoledronic acid · adjuvant breast treatment

Zoledronic acid by IV infusion once every six months for up to five years, unless progression or unacceptable toxicity changes the plan. The usual source dose is 4 mg, with renal review before prescribing.

BASELINE → TREATMENT → FOLLOW-UP

When checks happen

Relative milestones, not equal time intervals. Your team books tests and reviews results; this map does not confirm completion.

Check	Before starting	First treatment	During treatment	Change / completion	Follow-up
Kidney / calcium	Creatinine, CrCl, calcium, Mg / phosphate	Confirm suitable results	Creatinine before every infusion	Review deterioration / recovery	Individual bone/renal plan
Dental / supplements	Dental assessment / prevention	Prescribed calcium and vitamin D	Dental care and symptom review	Plan invasive procedures	Report jaw / thigh symptoms

THE WHOLE TREATMENT JOURNEY

Zoledronic acid · adjuvant breast treatment: treatment and checks

Adjuvant breast cancer · postmenopausal (natural or treatment-induced)

Zoledronic acid by IV infusion once every six months for up to five years, unless progression or unacceptable toxicity changes the plan. The usual source dose is 4 mg, with renal review before prescribing.

Read from left to right. Columns show stages, not equal lengths of time. This is a general plan: no dates or personal information are needed. Your team confirms which steps apply and arranges appointments.

Treatment, tests and reviews across the course

Care / check	Before starting	First treatment	During treatment	Change / completion	Follow-up
Treatment plan NCCP 00545	Endocrine-depleted setting	First infusion ≥15 minutes	Every 6 calendar months	Up to 5 years; review continuation	Bone / cancer follow-up
Kidney / calcium NCCP 00545	Creatinine, CrCl, calcium, Mg / phosphate	Confirm suitable results	Creatinine before every infusion	Review deterioration / recovery	Individual bone/renal plan
Dental / supplements NCCP 00545	Dental assessment / prevention	Prescribed calcium and vitamin D	Dental care and symptom review	Plan invasive procedures	Report jaw / thigh symptoms
Cancer review EARLY	Confirm setting	Agree review plan	Follow the early-breast plan	Next treatment / completion	Agreed surveillance

What each check is for

1 Before treatment

4 Response and follow-up

Agreed review points

Sources: EARLY

At the next review, ask

- Which treatment phase am I in, and what happens next?
- Which test is expected next, who arranges it, and who explains the result?
- Who should I contact if an expected appointment has not arrived?

This map does not show whether a test has been ordered, booked or completed. Do not wait for a scheduled test if you develop new symptoms.
