NCCP 00505 · clinician draft

Capecitabine + temozolomide (CAPTEM)

Pancreatic NET oral combination This guide is for the NCCP pancreatic NET CAPTEM schedule, not a temozolomide brain-tumour or radiotherapy schedule.

Supportive prescription draft for review. This is a regimen template. It is not an issued patient prescription; individual review and completion are required.

Separate scripts for each phase

Choose the active phase in the clinician workflow. Each script has its own medicines, timing and review checks.

- **CAPTEM · capecitabine D1–14 and temozolomide D10–14** — Capecitabine oral minimal-to-low; temozolomide oral moderate-to-high
  Capecitabine + Temozolomide
