BASELINE → TREATMENT → FOLLOW-UP

My tests and checks

Check	Before treatment	During the cycle	Before next course	After treatment
Safety blood tests	Blood count, kidney and liver profile	Report symptoms; extra tests if needed	Blood count, kidney and liver review	Follow abnormal results as advised
Disease assessment	Confirm treatment aim	Symptoms reviewed	Scans or other tests on consultant plan	Agree next treatment or follow-up

The team arranges and reviews tests. This guide shows expected timing; it does not record completed appointments. National Cancer Control Programme (NCCP) 00587 v2 · official regimen

THE WHOLE TREATMENT JOURNEY

Topotecan capsules · small-cell lung cancer: treatment and checks

Relapsed small-cell lung cancer

Take the prescribed topotecan capsules once daily on Days 1–5 of a 21-day cycle. Days 6–21 have no planned topotecan. Up to 6 cycles are planned, with earlier changes if needed.

Read from left to right. Columns show stages, not equal lengths of time. This is a general plan: no dates or personal information are needed. Your team confirms which steps apply and arranges appointments.

Treatment, tests and reviews across the course

Care / check	Before treatment	Treatment days	Between courses	Course review
Treatment NCCP 00587	Confirm capsule strength, number, dosing days, storage and contact numbers with the pharmacist.	Take the prescribed topotecan capsules once daily on Days 1–5 of a 21-day cycle. Days 6–21 have no planned topotecan. Up to 6 cycles are planned, with earlier changes if needed.	Follow support plan and report symptoms	Review benefit/toxicity; next plan
Safety tests NCCP 00587	Blood count, kidney/liver tests	Review symptoms; extra tests if needed	Blood count, kidney and liver tests before treatment and before each cycle. Scans and follow-up follow the consultant plan.	Follow abnormal results

What each check is for

1 Before each course

Before starting

Safety and plan may change

Ask / **act:** Team confirms next treatment

Sources: NCCP 00587

At the next review, ask

- Which treatment phase am I in, and what happens next?
- Which test is expected next, who arranges it, and who explains the result?
- Who should I contact if an expected appointment has not arrived?

This map does not show whether a test has been ordered, booked or completed. Do not wait for a scheduled test if you develop new symptoms.
