Out of hours: Insert numbers here.
Evenings / overnight: agreed out-of-hours service or emergency department.
Emergency: 112 / 999.

Own hospital / contact: _____

Report new tendon pain or swelling promptly and protect the affected area until assessed; sudden loss of tendon function needs urgent assessment. Also report limiting joint pain, a possible fracture, jaundice or new vaginal bleeding. New breast changes during before-surgery treatment need review rather than waiting for the planned end date. Severe allergic symptoms, chest pain or major breathing difficulty require urgent help.
