NCCP 00621 · clinician draft

Paclitaxel Days 1,8 and 15 · relapsed or refractorySCLC

Treatment scope · NCCP 00621 NCCP 00621d: small-cell lung cancer that has returned or has not responded to previous treatment. This use is outside the Irish licence and requires the hospital off-label approval and consent process. This guide is for conventional paclitaxel alone.

Supportive prescription draft for review. This is a regimen template. It is not an issued patient prescription; individual review and completion are required.

Separate scripts for each phase

Choose the active phase in the clinician workflow. Each script has its own medicines, timing and review checks.
