NCCP 00340 · clinician draft

Ceritinib monotherapy

Advanced ALK-positive NSCLC after crizotinib Adults with ALK-positive advanced non-small-cell lung cancer previously treated with crizotinib: NCCP 00340a. This suite does not turn the broader first-line licence into an NCCP indication or funding approval. Confirm your treatment setting with the team.

Supportive prescription draft for review. This is a regimen template. It is not an issued patient prescription; individual review and completion are required.

Separate scripts for each phase

Choose the active phase in the clinician workflow. Each script has its own medicines, timing and review checks.

- **Ceritinib daily oral treatment** — Moderate to high (oral)
  ceritinib
